**NOMINATION OF THE  
NATIONAL ASSOCIATION OF REGULATORY UTILITY COMMISSIONERS  
FOR MEMBERSHIP ON THE BOARD OF DIRECTORS FOR THE UNIVERSAL  
SERVICE ADMINISTRATIVE COMPANY**

Pursuant to the Federal Communications Commission's ("FCC" or "Commission") August 1, 1997 Public Notice DA 97-1561, the National Association of Regulatory Utility Commissioners ("NARUC") respectfully submits this nomination for membership on the Universal Service Administrative Company's ("USAC") 17 member Board of Directors.

In support of this request, NARUC states as follows:

**I. Description of NARUC's Interests and Representational Role**

**NARUC has long been recognized by Congress, the Courts, and the FCC as the proper party to represent the collective interests of the State regulatory commissions.**

Both the FCC's August 8, 1997 notice and the underlying "Report and Order and Second Order on Reconsideration" (FCC 97-87-253 (Rel. July 18, 1997) expressly contemplate the appointment of "one director to represent state telecommunications regulators." The Notice states that "members of ....non-industry groups are encouraged to nominate for each Board seat, a candidate who possesses substantial experience in, and knowledge of telecommunications." NARUC is the appropriate body to nominate the director to represent state regulators.

Founded in 1889, NARUC's members include those governmental bodies responsible for regulating carriers and utilities in all fifty States, the District of Columbia, Puerto Rico, and the Virgin Islands. NARUC's mission is to improve the quality and effectiveness of public utility regulation in America. Specifically, NARUC is composed of, inter alia, State and territorial officials charged with regulating telecommunications common carriers within their respective borders. These officials have the obligation to assure that communications services and facilities required by the public convenience and necessity are established, and that service is furnished at just and reasonable rates.

NARUC's responsibilities are nationwide and involve a broad spectrum of regulatory problems and responsibilities unique to it as an organization. In statutory language of the Congress, NARUC is "the national organization of the State commissions" responsible for economic and safety regulation of the intrastate operation of carriers and utilities. Indeed, NARUC is the organization designated by Congress to nominate State Commission representatives to all the FCC Federal State Joint Boards and Conferences, including the Board charged with implementing the provisions of the 1996 Act governing the USAC Board of Directors activities. Moreover, Federal courts have long recognized that the NARUC is a proper party to represent the collective interests of the State regulatory commissions. See, for example, *United States of America v. Southern Motor Carrier Rate Conference, et al.*, 467 F.Supp. 471 (N.D. Ga. 1979), *aff.* 672 F.2d 469 (5th Cir. Unit "B" 1982); *aff. en banc*, 702 F.2d 532 (5th Cir. Unit "B" 1983, *rev'd*, 471 U.S. 48 (1985). See also *Indianapolis Power and Light Co. v. Interstate Commerce Commission*, 587 F.2d 1098 (7th Cir. 1982); *Washington Utilities and Transportation Commission v. FCC*, 513 F.2d 1142 (9th Cir. 1976).

**II. NARUC Nomination For USAC Board Membership**

**A. NARUC's Nomination**

In accordance with Section 25 of NARUC's "Policy Governing Committees and Representatives" [As Adopted by the 97th NARUC Annual Convention on November 20, 1985 (Convention Proceedings, pages 365-367) and amended November 14, 1990, and November 20, 1996], NARUC's current President, the Honorable Bruce B. Ellsworth, a Commissioner with the New Hampshire Public Utilities Commission, nominates the following as NARUC representative to the USAC Board of Directors:
